EXHIBIT 1

DESCRIPTION OF INVENTION

To the best of your ability, describe in your own words how your invention works. Attach drawings, photographs or other written descriptive materials. REMEMBER, the better you describe the idea the more thorough research we can do for you.

NAME OF INVENTION OR TRADEMARK: TORNADO Alert System
IN Home/office TORNADO Alert System

This System would always be on stand by
(such as fire alarm / C.O. Detectors) and will
be powered by A.C. / with battery backup
When Tornado sirens go off / ^{in your vicinity} the system
for your General Area will set the alarm
off in your home / office / business

This would happen Day or Night so that people
alarm would be alerted and could seek
shelter. This project would be set up and
coordinated with Civil Defense, Police, Rescue
whom ever was responsible for the Alert
Systems of the any given area -

The system would be dual mode - land
line - phone line / railways - Digital - Analog

~~It is a new and useful method of alerting~~
~~the public~~

General Warnings - Micro Processor - Control
for 3 Alert Tones / STATUS WINDOW / Phone Plug / Battery
cell area.
